

Annual
Production Sale
February 6-14, 2026
Online on DVAuctions

130+ COMING 2 YEAR OLD REGISTERED RED ANGUS BULLS
— PAP TESTED AND ULTRASOUNDED —
10 REGISTERED RED ANGUS BRED HEIFERS

5L RIPPED IN BLACK Z169-510B

REDHILL B571 JULIAN 84S

- A PREMIERE CALVING EASE HERD -

Absentee Bidding Options

1. PLACE YOUR BIDS

Place a bid any time ahead of sale day by calling Rick 402-760-1274, Joe 605-830-2210, or Rachael 605-830-2313. There is 100% satisfaction guaranteed on all bulls purchased sight unseen. To provide adequate time to assist you, please call us before sale day!

2. WATCH AND BID ONLINE AT DVAUCTIONS

The auction will be broadcasted online at DVAUCTIONS.COM, and the pre-recorded videos will also be available there.

Online Bidding: Create an account at www.DVAuction.com under the "Register" tab. You then need to apply for bidding approval by clicking on the "details" tab AT LEAST 24 hours prior to the sale. Once approved, a DV representative will notify you that you are good to bid. Please ensure that you have high speed internet prior to the sale, as once the sale starts there may be lags in the system. Proxy-bidding is another available option for those who are unable to be available during the sale. This allows the DVA system to represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids on each lot. DVA will handle the rest! Any questions regarding bidding please contact the DV office at 402-316-5460.

Delivery Options

Delivery Pricing:

We will continue to offer free delivery to CENTRAL POINTS in Wyoming and Montana. For all other states, delivery will be charged per head based on the pricing outlined on the map above. Delivery charges will be added to each invoice at billing unless you plan to load out within 7 days of the sale.

Central Points:

Deliveries will be organized to central points within the state. Loads are sometimes delivered by semi-truck and require central drop-off points along their route. Central points include livestock auction barns, vet clinics and other locations as determined by the driver. Delivery is expected to begin three days after the sale. We will call to let you know ahead of time when we plan to deliver to your area; and will do our best to work with you and your schedule!

Volume Purchases:

Free delivery on purchases over 5 head or over \$20,000.

We look forward to working with you on the delivery of your cattle! Please reach out with any questions!

Open House and Online Production Sale

February 6-14, 2026 Deaver, Wyoming

Sale Day Phones:

Rick: 402-760-1274 • Joe: 605-830-2210

Veterinarian: Mandy Mckim, DVM

Cloud Peak Vet Services: 307-347-2781

Catalog by: Jane Adolph • 815-297-5456

Open House Location: 854 CR-R3 • Deaver, WY 82421

Schedule of Events (MST)

Friday, February 6th – 8 AM: Bidding opens on DVA

Saturday, February 14th – 6 PM: Bidding closes on DVA

Retained Interest: Calvo Family Red Angus is retaining one-half revenue of semen interest in every bull selling. Full possession and full salvage value sells on the bulls.

Lodging:

Historic Hotel of Greybull • Greybull, WY • 307-202-0329

Hampton Inn & Suites Cody • Cody WY • 307-587-4505

Semen Evaluation:

All bulls have had semen and testicular evaluations by the vets at Cloud Peak Veterinarian Clinic

Purchase Warranty:

We offer a full breeding season guarantee for an injury that would keep the bull from being a breeder for the first breeding season. If a problem occurs, we will either give you a suitable replacement if available, or you will receive full credit, minus the salvage value (of no less than \$2500) of the original bull towards a purchase in our next sale. We require that you notify us within 30 days of the injury. We also reserve the right to a second opinion by a vet of our choice.

Ultrasound Data:

Scan data will be available as a supplement sheet on DVAuctions. If you would like to have it emailed, mailed or faxed to you please let us know!

Viewing:

Bulls and heifers are available for viewing ANYTIME before the sale. Please reach out to us to schedule a viewing!

Welcome!

Thank you for taking the time to look through our spring offering. We appreciate your interest in our program. Our goal has always been to raise Red Angus cattle that hold up in real world conditions — cattle that are sound, efficient, fertile, and built to last.

The bulls in this sale were developed on a high roughage, forage based ration to ensure longevity and structural integrity. They're grown with the expectation that they'll go out and cover cows in big country. You'll find complete performance data, PAP scores, and scrotal measurements on every bull, along with sire groups that offer consistency and predictability.

We're proud of the maternal strength behind these cattle. The cows in this program are expected to have excellent udders, excellent feet, maintain fleshing ability and stay productive without extra inputs. That philosophy shows up in the bulls in the offering.

Whether you're a returning customer or looking at our cattle for the first time, we want to thank you for your interest and your trust. We enjoy visiting with you and learning about your operation, and we're always happy to help you sort through the bulls and find the ones that fit your needs.

We look forward to working with you and appreciate the opportunity to be part of your program.

God Bless!

The Calvo Family

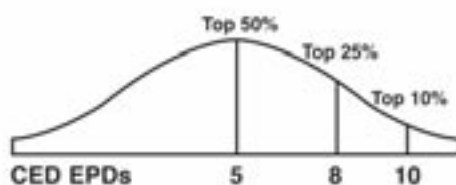

Calvo Family Red Angus is not liable for any injuries to those who attend the sale. All those who attend assume the risk associated.

Cowherd - Building

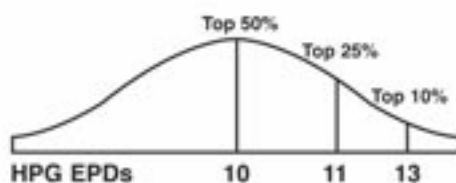

Profit starts at Reproduction!

Placing selection pressure on traits that will have a direct impact on your marketed product (weaned calves, yearlings, carcasses sold in the meat) can certainly increase your revenue on a per-calf basis. However, in order to achieve the higher goal of increased revenue per cow exposed, selection pressure must be placed on cowherd-building traits.

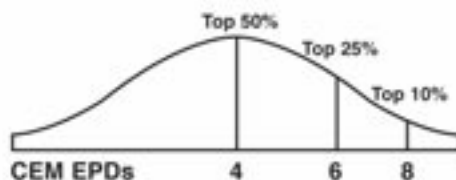

Red Angus' commitment to Total Herd Reporting allows for the measurement of each female's lifetime production history; from being exposed to breeding as a yearling, to measuring females' productive lifespan. Implementing these tools into your selection decisions will have a long-term impact on your operation's profitability.

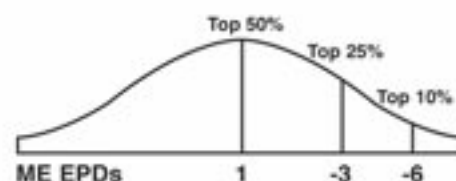

Calving Ease Direct (CED) - predicts the probability of calves being born unassisted out of 2-year-old heifers. Producers want live calves - born unassisted. Selecting on actual birth weight is flawed; it is influenced by non-genetic factors such as nutrition and weather (ambient temperature). While BW EPD removes these non-genetic factors, Red Angus' CED EPD is the best predictor of calving ease. The CED EPD includes variation in BW plus other influential genetic factors such as gestation length, calf shape, etc.

Heifer Pregnancy (HPG) - predicts the probability of heifers conceiving to calve at two years of age. Many breeds offer genetic predictions of yearling bull scrotal circumference as an indicator of age of puberty. While puberty is a prerequisite, many factors influence pregnancy rate. Red Angus' HPG EPD offers a tool which selects for what is economically relevant to ranchers - pregnant heifers.

Calving Ease Maternal (CEM) - predicts the probability of a given animal's daughters calving unassisted at two years of age. Replacement heifers should be able to calve on their own. Red Angus' CEM EPD offers the industry's most reliable prediction to address that concern. It includes not only the predisposition for a female to calve unassisted, but also her contribution to her calf's traits (birth weight, calf shape, etc.) that make it more likely to be born unassisted.

Maintenance Energy (ME) - predicts differences in daughters' maintenance energy requirements and is expressed in Mcal/Month. Recognizing that 70% of cowherd feed costs are burned up in maintaining weight and condition, Red Angus' ME EPD allows for the selection of bulls whose daughters will require less feed; thus, reducing cowherd expenses. Include selection pressure for ME EPD to ensure feed costs don't get out of line when selection is made for greater performance and production.

EPD percentiles reflect non-parent animals under two years of age

Traits

Excel in Stayability... Excel in Profitability!

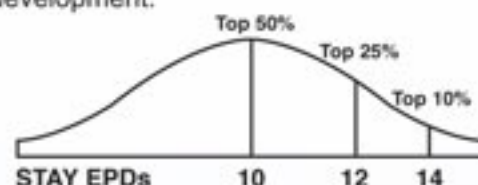

Improving Stayability enhances cowherd profitability by increasing the percentage of females that deliver pounds and value to the weaning pen without extra labor or feed – and do it year after year.

Red Angus' Stayability (STAY) EPD is a selection tool to improve overall cowherd efficiency through reducing replacement rate. Cows that stay productive, are problem free and last longer mean a larger percentage of heifers can be cash cropped, instead of developed as replacements.

How is Stayability EPD Calculated?

THR provides the foundation for a reliable Stayability EPD. Once a female enters the productive cowherd she is monitored annually for her productive ability. Only

Stayability (STAY) – predicts the probability of a bull's daughters remaining productive until at least six years of age. Why six? That's how long it takes a female to breakeven given all the expenses of development.

females that produce a calf every year up until at least six years of age are given a positive observation. Females that miss a calf or are culled for any reason including soundness, production, disposition, body condition, etc. are given a negative observation.

Mandatory collection of Stayability observations from all Red Angus herds provides ample data for the prediction of a bull's ability to sire Ranch-Tested – Rancher-Trusted cowherds.

EPD percentiles reflect non-parent animals under two years of age

DVAuction
Broadcasting Real-Time Auctions

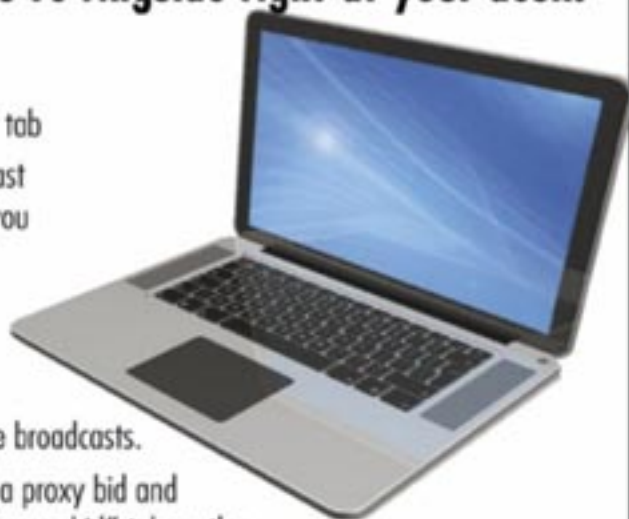

View the Auction Live! Bid Online... you're ringside right at your desk!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.DVAuction.com under the "Register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction – a DV representative will notify you once you have been approved.
3. Tune in for the sale to make your purchases!

High Speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy-bidding – if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

For General Questions Please contact Our Office: 402-316-5460 or support@dvauction.com

– Forager 57E Sire Group –

One of the most talked about traits of Forager is the performance of his daughters. He consistently sires productive females with excellent udders and an exceptional amount of fleshing ability. If you take a look at the cows behind Forager, you'll see why he is the maternal kind. His dam, 683A, is in our flush program and holds a 108 MPPA. This a tremendous set of Forager sons that will sire females you'll want to keep and steers with added performance.

Average scrotals: 41.5 • Average PAP score: 41 • Average YW: 1125 • Average WW: 703 • Average BW: 76

— Strategy Sire Group —

"Foreman is the culmination of over two decades of combining the best that Black and Red Angus had to offer. He is the logical and profitable next step. He combines exceptional spread with best 8% calving ease and heaviest 7% yearling and 6% ADG; and packs that power in moderate, easy fleshing package"

—5L Red Angus

Strategy 121J is one of the most linebred OCC Emblazon 854E bulls in the Red Angus breed, and that uniformity of type and kind is on full display in the Strategy sons offered. Strategy himself posts a 31 PAP.

— Julian Sire Group —

"One of B571's greatest sons, we bought 84S from Red Hill Farms in 2008 for \$8,100. In February 2011, 25% interest of 84S sold to Ozark Hills Red Angus and Calvo Family Red Angus for \$30,000. This past December, the 13 sons in our sale averaged over \$6,000. 84S is one of the premier, proven calving ease sires in the breed, with an excellent spread from birth to yearling. Moderate in size, well-muscled and extremely correct, with excellent feet, legs, and testicles, and he has an exceptionally quiet disposition. He epitomizes what the breed is about and is without doubt, a true herd builder."

— Buffalo Creek Red Angus, February 2012 ARA Magazine.

— 4Real Sire Group —

102J was retained for our own use before being lost to a freak accident – and boy do we wish he was still here. These three bulls are the real deal, packed with dimension, fleshing ability, and an the easy keeping build. They would be ideal for moderating females while maintaining natural rib shape.

Average PAP Score: 40 • Average Scrotal: 42 • Average YW: 993 • Average WW: 601

— Pinnacle Sire Group —

When we decided to incorporate Pinnacle into our program, we were really after the daughters. They are absolutely beautiful - with very tidy udders and a tremendous amount of fleshing ability. The Pinnacle sons being offered are stout with added length, masculinity and great feet.

Average PAP score: 39.4 • Average Scrotal: 42

– Ripped In Steel Sire Group –

If you put confidence in cow families then take a look at the Steel sons. Four generations of some of the most productive and complete cows to walk the ranch are behind him, and they have an average MPPA of 105.5 With that being said, if you're looking to make quality replacement females, then take your pick of this sire group.

— Ever Ready Sire Group —

Ever Ready was the high selling bull on 5L's spring sale at \$23,000. We purchased him with the same intentions of Strategy and super pleased with this set of bulls. Soggy, deep chested and just loaded with eye appeal. This is an excellent set of low PAP scored bulls.

Average PAP Score: 40 • Average Scrotal: 40

– Heritage Sire Group –

Heritage has been a very consistent bull in our program and we always find ourselves marking his progeny as some of our favorites. His daughters are real feminine made with beautiful fronts, excellent fleshing ability and tidy udders. They are productive, fertile and just the right kind. If you're looking to build back with genetics that last, then take your pick of the Heritage sons.

– Master Plan Sire Group –

We really appreciate the masculinity, red meat, and libido that Masterplan puts onto his bulls. The daughters maintain that cherry red color and are very productive. This is a stout, well balanced set of bulls that will breed a lot of cows in big country.

Average PAP Score: 42 • Average Scrotal: 41 • Average YW: 1039 • Average WW: 683 • Average BW: 75

PAP: 42 • Scrotal: 41

– Heifers –

The heifers offered in this sale are a true reflection of the females we intentionally breed for deep-bodied and broody, with refined femininity and an elegant presence. They are designed to be functional and efficient, yet possess the productivity and power to excel in any program. They were AI'd for april 5th calving and each AI sire is listed, and they were cleaned up with Calvo Nightwatch 1L, Calvo Julio L251, and McCumber Angus bulls for 45 days.
